Subject: RE: Draft one-pager for July 16 briefing
Attachments: OPPT Asbestos IUR Briefing on July 16 (Updated Team Draft 7-9).docx

Importance: High

Hi Andrea,

Here is an updated draft for you and the Team. Please add your comments and any edits so we can address them today (I'll be on leave July 10-12 but Leonid is working). It would be good for all of us to be able to tell your management at the July 16 briefing that the Team understands all the issues and is in consensus.

- Tom

Could one of you send me the one-pager that you developed? I was not on the original email and I can't find the attachment in my files. I can only find a hard copy that I printed. I had a few minor comments. Thanks.

Leonid:

As far as I know, the IUR is the only topic.

Thanks, Gino.

1. We will address your comments.
2. Will clarify for Amy Nguyen (shortly)

Please let us know if IUR would be the only/major topic for 1.5 hours? This is not a problem for us, we will provide more introductory/explanatory material about deriving IUR (e.g. description of cohorts, details on modeling, etc.), but we critically need to know what time we should be counting on (of course expecting multiple, multiple questions from the audience).

Many thanks,
Leonid

Tom/Leonid – thanks for this...here are my (slight) comments (attached). Adding Andrea, too (though she is out).

Can I ask you to answer Amy Nguyen's e-mail from Friday (6/28 at 3:28 pm) about one attachment and whether the subs need to do anything?

Thanks!

FYI, Leonid is working just this morning and Tuesday morning this week. I am out July 10-12.

We have very limited time to make any changes to this one-pager and plan out our presentation. Any feedback would be most valuable the sooner we can get it.

Thanks,

- Tom

Hi Gino,

Leonid and I have drafted a one-pager for the briefing. We say that the subs will represent TSCA at the peer-review – is that still the expectation?

Please review this and let us know if it fits into your expectations for this audience. Will the whole briefing be about the IUR, or will there be another presentation about the systematic review that got us to the final set of papers?

How many slides would you expect for a 1.5 hour briefing? How much presentation time?

Will they need a primer on the basic of an IUR (like what we presented for you and Andrea)?

How will 'success' for this briefing be defined?

Thanks,

- Tom and Leonid
